L-640 PENETRATING OIL

01/01/25

Description

L-640 Penetrating Oil is a superior quality penetrating lubricant which has many uses such as lubricating locks, hinges, moving parts, stopping rust and corrosion and especially freeing “frozen” rusty bolts and nuts. **L-640 Penetrating Oil** saves production, maintenance and repair time. It is ideally suited for heavy-duty applications such as heavy equipment, automobiles, workshops, boats, tractors, etc.

Composition

L-640 Penetrating Oil is formulated with premium, hydrotreated base oils and fortified with the following additives to outperform virtually any penetrating oil on the market today:

- Rust & Oxidation Inhibitors
- Oiliness Additives
- Penetrant Additives
- Friction Modifiers
- Anti-Gall Additives
- Rust Busters

Specifications	
Viscosity @ 100 °F, SUS	55
Viscosity @ 210 °F, SUS	34
Specific Gravity	.874
Flash Point, °F	82
