C-112 TRUCK & FLEET WASH LIQUID

01/01/25

Description

C-112 Truck & Fleet Wash Liquid is a superior quality, concentrated cleaner, formulated with surfactants, wetting agents, foam stabilizers, and rinse additives for effortless, streak-free cleaning of automotive & truck surfaces. The thick, rich sudsing action clings to surfaces to penetrate and remove dirt, grease, oil, road film, insects, bird droppings and residue from cars, trucks, buses, mobile homes, golf carts, travel trailers, recreational vehicles, and other types of vehicles. C-112 Truck & Fleet Wash Liquid is concentrated for heavy-duty applications and may be used with hot, cold, hard or soft water. Rinse additives enable C-112 to rinse away completely and leave no soap film or detergent residue. Product may be applied through a pressure washer, hose attached sprayer or by hand.

Recommendations

Apply C-112 Truck & Fleet Wash Liquid to surface to be cleaned according to soil conditions. Agitate with a soft sponge or brush if required. Rinse thoroughly. Best results are obtained if this procedure is done in a shaded area out of direct sunlight. No wiping is required but it is recommended on glass windshields and windows.

Recommended Dilution Rate: 1:20 for medium to heavy duty cleaning applications

CAUTION: Do not ingest. If this should occur, drink large volumes of water and seek medical attention. Keep container sealed when not in use to prevent contamination.

KEEP OUT OF REACH OF CHILDREN.

Specifications	
Color	Light Blue
Odor	Pleasant
pH	7.5-8.5
Flash Point, °F	None
Shelf Life	One year in sealed container
