Ultimax The Ultimate Diesel Treatment

01/01/25

“The Ultimate Diesel Treatment With Maximum Results”
For use in ULSD & Biofuel

Description

Ultimax Diesel treatment is the latest and greatest scientifically formulated product developed to target problems arising with the new ULSD and biofuel. Baton Rouge Industries, Inc. has an exclusive combination of additives that address the “dry” diesel fuel along with increasing lubricity to lubricate pumps. The combination of these time-proven ingredients makes the most effective and versatile product of its kind on the market today.

Performance Characteristics

Ultimax conditioner provides optimum lubrication for today’s diesel engines and prolongs engine life through the following features:

With 16 Benefits

- Improves fuel economy
- Keeps fuel system clean
- Helps increase horsepower
- Helps restore performance
- Eliminates rust & oxidation
- Prevents power loss due to fouled injectors
- Improves fuel lubricity to prevent pump and injector wear
- Increases fuel cetane numbers for quieter operation and easier cold start
- Inhibits harmful acids
- Conditions fuel lines
- Reduces friction in upper cylinder area
- Emulsifies moisture
- Kills algae that grows in fuel
- Prevents gelling at low temperatures
- Reduces harmful emissions
- Stabilizes fuel

Specifications	
Viscosity @ 210 °F. SUS	34
Viscosity @ 100 °F. SUS	55
Specific Gravity	.874
Flash Point °F	84
Rust Inhibited	Yes
Anti-Wear Treated	Yes

Ultimax	Gallons of Fuel
½ oz.	5 gallons
3 oz.	30 gallons
6 oz.	60 gallons
1 gallon	1000 gallons
