C-106 Steam Cleaner Liquid

01/01/25

Description

C-106 Steam Cleaner Liquid is a heavy-duty liquid concentrate formulated for mechanical steam cleaning machines and applications. This highly concentrated liquid uses the most powerful surfactants, wetting agents, emulsifiers, rinse agents and water conditioners to penetrate through heavy layers of grease, oil, dirt and grime. The impact of high pressure combined with the heat of steam spray is further enhanced by the strong chemical power of this powerful concentrate.

C-106 Steam Cleaner Liquid is formulated to quickly penetrate deep cracks and crevices to dissolve and emulsify thick accumulations of stubborn grease and grime and allows for excellent streak-free rinsing. In addition, C-106 Steam Cleaner Liquid is biodegradable and environmentally friendly.

Composition

C-106 Steam Cleaner Liquid is a high alkalinity, water base concentrate fortified with sodium metasilicate, powerful surfactants, wetting agents, emulsifiers, rinse agents, water conditioners, and detergents for optimum performance in heavy-duty steam cleaning applications.

Misc

Dissolve 1 gallon of C-106 Steam Cleaner Liquid into 20 gallons of water. Adjust dilution rate according to needs and degree of cleaning severity. DO NOT USE ON GLASS. Rinse thoroughly for best results.

Specifications	
Color	Lime/Green
pH	13+
Odor	Butyl
Appearance	Clear
Flash Point, °F	None
Shelf Life	One year in sealed container
