C-108 “Mean Red” Cleaner/Degreaser

01/01/25

Caustic/Alkaline

Description

C-108 “Mean Red” Cleaner/Degreaser is a superior quality product, formulated for extremely heavy-duty cleaning jobs. This highly concentrated cleaner is a powerful combination of the most powerful surfactants, wetting agents, emulsifiers, rinse agents and water conditioners for deep penetration through heavy layers of grease, oil, dirt and grime. The high impact of water pressure or steam further enhances **C-108 “Mean Red” Cleaner/Degreaser** to outperform virtually any product on the market today on heavy duty clean-up applications.

Recommendations

C-108 “Mean Red” Cleaner/Degreaser is formulated to use at 1 gallon of concentrate to 20 to 30 gallons of water for heavy duty cleaning applications. **C-108 “Mean Red” Cleaner/Degreaser** is not recommended for use on glass or glossy paint finishes such as automobiles & trucks as it can dull the finish.

Qualities and Benefits

- Concentrated to dilute as desired.
- Economically and rapidly removes heavy grease & grime.
- Biodegradable.
- Non-Flammable.
- Excellent rinse off.
- Excellent penetrating characteristic.

Application

C-108 “Mean Red” Cleaner/Degreaser is formulated for heavy duty applications and will outperform virtually any cleaner on the market today in heavy duty applications such as cleaning oil rigs, shop floors, engines, tank and van trailers, tractors, and heavy equipment.
